KAMADOJOE®
Konnected Joe™
Element Plug

CAUTION - SAFETY PRECAUTIONS - READ BEFORE USE

- Make sure your grill has fully cooled before handling to avoid burns.
- Some components may have sharp edges. Use caution to avoid injury.
- Disconnect the power supply from the grill before handling.

From under the grill, remove the 3 screws and the wire harness cover.

Unplug the element from the wire harness. The element wire can be identified with the yellow and white wire.

Remove the 2 acorn nuts from the element mounting plate. Then, with extreme caution, lift the element straight up and out of the grill. (NOTE - you may need to lightly hold down the element bracket to remove the element from the bracket).

Remove the charcoal grate from the grill

Remove the element plug kit from the grill

Repeat the steps in reverse order to install the new element plug kit.
